

**The University of Texas MD Anderson Cancer Center UTHealth  
Graduate School of Biomedical Sciences**

**GSBS Research Grant Awards**

The MD Anderson UTHealth Graduate School of Biomedical Sciences is requesting applications for two **GSBS Research Grant Awards** that each support up to \$50,000 of research expenses over a one-year period (please see finalist application below for budget restrictions). Awards are intended to provide pilot funding for innovative research projects in any area of biomedical science to GSBS PhD and MD/PhD students in good academic standing. This year two awards are available and will be selected via a common review process.

**The Dr. John J. Kopchick Research Award**

Available to GSBS student/advisor teams from either UTHealth or MD Anderson.

**The President's Research Excellence Award**

Available to GSBS student/advisor teams from UTHealth only.

Because of the high interest in these awards, applications will be reviewed in two-steps. Pre-applications will initially be solicited and reviewed to select no more than 8 finalists who will each be asked to submit a more extensive application that will be reviewed to select the winning student/advisor teams. UTHealth applicants to need submit only one pre-application which will be considered for both awards.

Review Criteria:

1. Quality of the research plan and its potential impact on the field of study
2. Potential of the project for enhancing the training of the participating GSBS student
3. Academic excellence of the student and faculty advisor.

**Pre-Application**

The pre-application should be prepared together by the student and faculty advisor. It should include the following components (all 11 point Arial, 0.5" margins or larger).

1. Pre-application cover page
2. Specific Aims page (one page)
3. NIH biographical sketches of both the student and faculty research advisor. On the student's biosketch only, it is acceptable to list publications that are currently in submission.

All items should be assembled into a single PDF file and submitted to Joy Lademora ([Joy.Lademora@uth.tmc.edu](mailto:Joy.Lademora@uth.tmc.edu)). Please include "GSBS Research Grant Award" followed by the student's last name in the subject line of the email.

**Deadline – June 24th, 2022 5:00 PM**

Pre-application Review and selection of finalists

All pre-applications will be reviewed to select no more than 8 finalists.

**The finalists will be notified of their selection by July 14<sup>th</sup>.**

Project Title:

Please describe the respective roles of the student and advisor in preparing the specific aims page:

## **Finalist Application (to be completed only if notified by GSBS)**

The application should be prepared together by the student and faculty research advisor. It should include the following components (all in 11 point Arial, with 0.5" margins or larger):

1. Finalist Application Cover page.
2. A research proposal, not to exceed six pages (excluding bibliography): The proposal should describe the hypothesis, specific aims, background, significance and experimental strategy of the project.
3. A one-page Training Plan for the student, written by the advisor should be provided. In it describe unique aspects of the training that are tailored to meet the student's needs and career goals. Also indicate how the proposed research project will impact the student's training.
4. NIH Biographical Sketches for both the student and the faculty advisor. On the student's biosketch only, it is acceptable to list publications that are currently in submission.
5. A one-page budget for the project. Please note that funds provided by this award may not be used for capital expenses, administrative salaries, overhead, support staff, equipment, faculty salaries, student stipends or grant writers. Funds must be expensed at either UTHealth or MD Anderson within one year of the time of award and all expenditures must be made in compliance with institutional policies and procedures.

All items should be assembled into a single PDF file and submitted to Joy Lademora ([Joy.Lademora@uth.tmc.edu](mailto:Joy.Lademora@uth.tmc.edu)). Please include "GSBS Research Grant Award" followed by the student's last name in the subject line of the email.

**Deadline for submission of Finalist Application materials: September 1, 2022 at 5:00 PM**

### **Final Review and selection of winners.**

Applications will be reviewed by an *ad hoc* committee of GSBS faculty who will recommend winners to the Deans. The winners will be notified in October and funds will become available by November 1, 2022
