Regular Members:

**Anthony R. Flores**
Associate Professor
Pediatrics
UTHHealth McGovern Medical School
Ph.D., University of Rochester School of Medicine and Dentistry, 2004
M.D., University of Rochester School of Medicine and Dentistry, 2006
**Research interests:** Streptococci; group A Streptococcus; group B Streptococcus; genomics; asymptomatic carriage; gene regulation

Associate Members:

**Cristina Ivan**
Assistant Professor
Experimental Therapeutics
MD Anderson Cancer Center
Ph.D., University of Copenhagen & Babes–Bolyai University, 2003
**Research interests:** Fourier analysis, fractal geometry and analysis, graph theory, data mining and numerical approaches to analysis, analysis of large genomic data, programming

**Zhen Lu**
Associate Professor
Experimental Therapeutics
MD Anderson Cancer Center
M.D., Suzhou Medical College, 1985
**Research interests:** Autophagy, Tumor dormancy, Pathology, Ovarian Cancer, Drug resistance
